## SunFeather Natural Soap Presented to Oprah Winfrey for 50th Birthday

(Potsdam, N.Y) - - Oprah Winfrey celebrated her 50th birthday live on television this afternoon and a local north country company is honored to have been part of the festivities. An order of Sixty large bricks of all natural soap, custom designed and embossed with the name of Oprah's new California home, was filled by Potsdam-based SunFeather Natural Soap Company. The company is a leader in the production of all-natural soaps, shampoo bars, bug repellents and other care products.

SunFeather shipped 12 bricks of custom made all-natural soap in each of 5 pastel-shades including: White Rose, Honeysuckle Pear, Spearmint, Rose and Lemon Verbena. Each brick was stamped with Oprah's logo for her new home called "The Promised Land," and were presented in a hand-crafted box made by Molly West, a Chicago-based historic book bindery and company, as part of Oprah's 50th Birthday Bash celebration.

"We were looking for a personalized gift for Oprah's home that reflected her taste and her strong sense of hospitality" said a spokesperson for the Chicago-based *A Perfect Event*," an event-planning company coordinating every detail of Oprah's party. The soaps coordinate with the guest bathrooms in Oprah's sprawling California home.

Sandy Maine, founder and CEO of SunFeather Natural Soap Company located in Potsdam, New York, was thrilled to be a part of the event. "We were located through our web site and A Perfect Event selected our soaps not only because they are all-natural, but because we have custom capabilities," notes Maine adding she hopes Oprah will select SunFeather soaps as her new favorite. "We will be sending as a follow up some samples of our new spa soaps, very creamy soaps made of shea butter in rich scents. We think Oprah and others will appreciate these wonderful soaps," she says. Local north country customers can visit the SunFeather onsite store or shop with other national customers online at [www.sunsoap.com](http://www.sunsoap.com) ■
